Abstract. Please modify ...

To obtain a standardized layout when printing the abstract volume, we ask all authors to use the L^AT_EX word processor and to take notice of the following instructions. The text should be written in English and must not exceed one page. Please, use the file `ifcs2006.cls`. This file takes care of all the formatting. Please, write title, author(s), affiliation(s), text of the abstract, references, and 3–5 keywords according to this sample L^AT_EX file. A camera ready abstract and the corresponding L^AT_EX file should be sent via e-mail to the local organizer prof. Anuška Ferligoj at:

`ifcs06@fdv.uni-lj.si`

Deadline for submission of abstracts is **February 15, 2006** – **extended to April 1, 2006**. Accepted abstracts will be included in the book of conference program and abstracts that will be distributed to conference participants.

For additional information see the conference page <http://www.ifcs06.org/>. This abstract template and the class file `ifcs2006.cls` are available for download in `ifcs2006abs.zip`.
